Major Product Category - Laboratory water purification equipment & supplies UNSPSC Code :411042

Sub category - Deionization or demineralization equipment (Demineralizer Water Plant) UNSPSC Code : 41104202/ ITCHS: 84212110

S.No.	Parameter	character/ numerical	Value 1	Value 2	Value 3	Unit	Validation	whether filter required	priority	Demand aggregation
1	Objective of Demineralizer Water Plant	ch	To obtain salt free water							UNSPSC
2	Demineralizer Water Plant Type	ch	Regenerating Type							
3	Demineralizer Water Plant model	Ch	Portable							
4	Demineralizing water capacity	Ch	75			ltr/hr				
5	Demineralizer Water Plant Configuration	ch	separate Resin column	Mixed Bed Resin column				yes	1	
6	pH value	Ch	6.8-7.0							
7	Electrical requirements	Ch	230 Volts ± 10 % / 50 Hz
