| Pantoon Boats(Floating Jetty) under Rescue ships or boats (UNSPSC Code : 25111603/ ITCHS:89059010) | | | | | | | | |
| S.No. | Parameter | character/numerical | Value 1 | Unit | Validation | whether filter required | priority | Demand aggregation |
| 1 | Floating Jetty with standard accessories like connection pins,side nuts distance discs,boat cleats,fenders etc | ch | suitable to cover 16 sq meter area | | | | | |
| 2 | Module Size | ch | 500 x 500 x400 | mm | | | | UNSPSC |
| 3 | Shape of module with male -female interlocking from sides | Ch | yes | | | | | |
| 4 | Weight of each module including top cover | N | 8.5 | kg | | | | |
| 5 | Weight carrying capacity | ch | 350 kg per sqmeter | kg per sq .meter | | | | |
| 6 | Module made with High density polyethylene (HDPE) 5261Z grade German Material. | ch | yes | | | | | |
| 7 | Separate Top cover made of High density polyethylene (HDPE) 5261 Z grade German Material | N | yes | | | | | |
| 8 | Thickness of seprate cover | N | 15 | mm | | | | |
| 9 | Lugs to insure sufficient strength to the strecture | ch | yes | | must declare | | | |
| 10 | Thickness of lugs | N | 22 | mm | | | | |
| 11 | Material of lugs | ch | Stainless Steel 316/316A | | | | | |
| 12 | Barrier railing made of G I Steel Tube | N | 8 | nos | | | | |
| 13 | Outer Diameter of GI Steel Tube | N | 45 | mm | | | | |
| 14 | Length of bariar railings | N | 2000 | mm | | | | |
| 15 | height of barrier railings | N | 1100 | mm | | | | |
| 16 | OBM Bracket | N | 1 | number | | | | |
| 17 | HDPE Box for Anchor Holder | N | 2 | nos | | | | |
| 18 | Tow hook and eye bolt for lashing | N | 2 | nos | | | | |
| 19 | Aluminum side bar | N | 1 | number | | | | |
| 20 | Anchoring equipments like Ropes,shackles and heavy duty Anchors | N | 2 | nos | | | | |
| 21 | Other accessories made of same material to avoid frictional damage | ch | | | must declare | | | |
| 22 | Any other accessory/accessories required to make the equipment completely operational / working | | | | must declare | | | |
| 23 | The confirmation that the store are meeting the specification should be supported by the adequate documents/ Literatures etc. | ch | yes | | | | | |
